RE: IMSSA AGM 2019

Dear Ansie Prinsloo & the Precision Surveys Team,

I want to personally express my gratitude for your unwavering and sterling support of the IMSSA AGM 2019. I fully realise that without you there can be no Institute and if there was, it would not be in the same league as it currently is. Your contribution facilitates a far more affordable environment for all members to come together.

The intent of this event is to facilitate a meeting of Senior Mining Executives throughout the mining industry with You, the industry supplier; and to open a dialogue for discussion around the available technology in Mine Surveying.

I am not aware of any person who did not enjoy the event and many expressed a desire to see this event develop into a greater and far deeper reaching event in the future. I sincerely hope that you enjoyed the day with us too and that you will continue to find benefit in our relationship and hence maintain your support of the Institute.

Once again, thank you!

Yours sincerely,

Gaopaleloe Mokhitli
IMSSA President
